Re: Indirect Rates for Research and Training Grant Proposals

Wednesday, April 5, 2006

A new F&A (Indirect) rate agreement has been executed between MEEI and the Department of Health and Human Services (DHHS). This agreement extends our current rate of 51% through September 30, 2007. Please continue to use the 51% rate on all grant proposals, with the only exceptions being 8% for training awards and 30% of total direct costs for industrial clinical trials.

You will find this rate information and additional proposal information on our [Fact Sheet](#) which is updated as of 4/5/2006.

A copy of the rate agreement may be found on [The Source](#).

If you have any questions on proposal development or submission, please contact Todd Conley at (617) 573-3018.
