Thursday, November 9, 2006

I wanted to let you know we successfully submitted our first electronic proposal using InfoEd for the November 1st deadline. This was a pilot test and although we have a few things to work on before the big deadline of February 1st, MEEI is prepared to meet the federal requirements of electronic proposal submission. Ali Hafezi-Moghadam and Kennard Thomas were instrumental in doing this and showed a lot of faith in us for being the first research team to submit a grant using InfoEd.

InfoEd has been here for a long time, it's nice to have it in use.

Mike
